AFUE LP	79.1%
GLASS SIZE	320 SQ.IN.

The Esprit linear gas fireplace offers Pacific Energy's highest level of quality, technical innovation, and engineering in a modern landscape. For maximum heat and ultimate energy efficiency, the Esprit utilizes large formed steel heat exchangers and standard one-touch programmable remote controls to provide quick, easy control over heat and added energy savings. Even at the lowest settings, flames are appealingly rich and full to gently warm the room.

For reference only. Installations should be based on installation manuals. Specifications subject to change.
