

Vogue NAVARA STACKER

The Vogue Navara Stacker combines practicality and style to offer a unique wood heater built for Queensland winters. The pressurised firebox technology makes this unit the easiest and fastest starting fireplace on the market. Manufactured in Brisbane using quality Australian steel ensures it is built to last.

- 3 speed fan
- wood storage
- high efficiency

Heating Area: 200m² - 350m²

Dimension (WxDxH): 650 x 560 x 1005mm

Vogue NAVARA BENCH

The Vogue Navara Bench is the perfect balance of sophistication and practicality. Equipped with the same pressurised firebox technology, this heater turns any blank wall into a statement. Manufactured in Brisbane using quality Australian steel ensures it is built to last.

- 3 speed fan
- large wood storage
- high efficiency

Heating Area: 200m² - 350m²

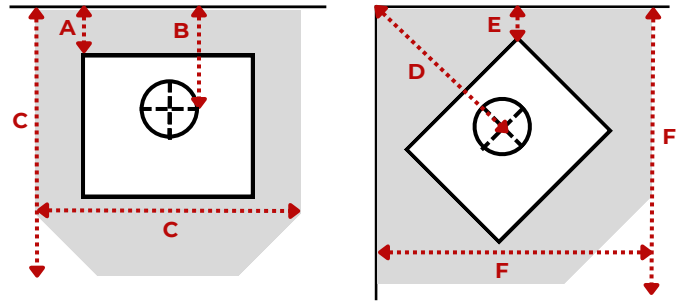

Dimension (WxDxH): 1240 x 600 x 900mm
