WOOD FIRES

why choose Regency?

An exceptional fire, custom elegance and controllable heat are just a few reasons to make a Regency fire part of your family.

In 1979, I founded Regency Fireplace Products with a mission to produce the finest fireplace products available anywhere. As a result, Regency has been honoured with awards for exceptional aesthetics and performance and is known as the premium brand around the world. We have been dedicated to providing Australia & New Zealand with Regency fires for over 20 years: committed to creating products that promote comfort and peace of mind.

I am so confident in the quality workmanship, the finest materials and durable heavy-duty construction invested in each and every product, that I offer a Limited 15 Year Warranty. Invite the comfort, efficiency and style of a Regency wood fire into your home and enjoy quality time - I guarantee it.

Vancouver wood fire

Above: Vancouver (F2402) with cast legs and optional nickel trim door

Keeping Up with Tradition

Choose the Vancouver and bring the tradition of wood fire warmth to your home. Perfect for heating medium sized living areas (approx. 200m²), this wood fire has all the modern conveniences: efficient heat, optional ash drawer, and easy operation.

Standard Features

- Heats approx. 200+ sq.m*
- Large glass viewing area (380x215mm)
- Single rod draft control
- Brick-lined firebox
- Airwash system
- Brushed nickel accent kit (hinge caps & handles)
- Low emissions: 1.9g/kg

Optional Features

- Cast iron door in black, with nickel or gold accent
- Cast iron legs in black or nickel
- Ash drawer
- 2-speed fan
- Convector airmate

Wood burning tip #4
Burn small, hot fires. A smouldering fire creates more smoke, and smoke equals creosote build-up.

Vancouver with cast legs and optional gold trim door & optional airmate

burning wood - a green choice

Wood is affordable

Reduce your dependence on high priced, non-renewable home heating fuels by burning wood. Turn your fire down and enjoy comforting warmth in your main living area with a Regency wood product. Whether you buy your wood or collect it yourself, you will notice the savings within its first year.

Renewable Resource

Wood is a renewable natural resource - well-managed forests are a renewable, sustainable source of energy that helps us reduce greenhouse gas emissions and be less dependent on oil & gas.

Wood is Carbon Neutral

As trees grow they absorb carbon dioxide from the atmosphere. When trees die and are left to decompose in the forest or burn in forest fires the carbon stored in the trees is released in the atmosphere as carbon dioxide.

Burning firewood produces the same amount of carbon dioxide as it has absorbed during its life cycle - making wood burning carbon neutral.

Certified

All Regency Wood Stoves and Fireplaces have been tested and certified to the strictest Australian Clean Air Standards.
